TRAINING

**PROCESS LEADER
APPRENTICESHIP STANDARD**

**UPSKILL YOUR STAFF FOR
PRODUCTION LEADERSHIP
IN THE PRINTING INDUSTRY**

Are you seeking to enhance the skills of your machine operators and propel them into production leadership roles in print? Our tailored apprenticeship programme will equip your employees with the necessary knowledge, skills, and behaviours to excel as Process Leaders.

THE ROLE OF A PROCESS LEADER

With a strong focus on responsibility, apprentices will be empowered to develop skills in directing operations, delivering exceptional results, effectively leading large teams, managing budgets and resources, and effectively resolving quality issues – all skills which are broadly transferable to other manufacturing sectors. They'll learn how to ensure health, safety and environmental compliance whilst driving continuous improvement, and gain the tools they need to monitor progress, identify risks, and implement mitigation strategies.

Process Leaders will build and use clear communication skills to effectively present data which drives management decisions, to cultivate strong relationships across different disciplines, and to develop and motivate their team members, ultimately becoming strong team leaders.

KEY SKILLS AND BEHAVIOURS

On a daily basis, employees in this occupation will interact with team leaders and their wider teams, Quality Managers, Health and Safety Managers, HR Managers, Finance Managers, Quality Improvement Managers, Operational Directors, Directors, and even the Managing Director or CEO. As autonomous members of a wider production team, Process Leaders are accountable for delivering core production KPIs while effectively managing people, budgets, equipment, materials, supplies, health, safety, environment, and risk.

INTERACTION WITH KEY STAKEHOLDERS

Process Leaders will have day-to-day collaboration with team leaders and their wider teams, Quality Managers, Health and Safety Managers, HR Managers, Finance Managers, Quality Improvement Managers, Operational Directors, Directors, and even the Managing Director or CEO. They will be accountable for the delivery of core production KPIs, managing people, budgets, equipment, materials, supplies, health, safety, environment, and risk.

BENEFITS OF THE APPRENTICESHIP

By investing in our apprenticeship program, you are providing your staff with the opportunity to acquire the necessary skills and knowledge to excel as Process Leaders in the printing industry. This comprehensive training empowers them to optimise production processes, drive continuous improvement, and ensure compliance with health, safety, and environmental regulations.

Ready to upskill your staff and unlock their full potential in production leadership? Register your interest to discover how our program can benefit your organisation and elevate your team's performance. Together, we can cultivate a strong foundation for success in the dynamic printing industry.
